Raihana Nasrin, G. T., Department of political science, Hiralal Bhakat College.

Fahaduddin, G. T., Department of political science, Hiralal Bhakat College.

Participants:

Students of the Department of Political Science, Environmental Studies and some other departments as a whole. Almost 75 participants including some general audience were present the Seminar.

Concept Note and Objectives of the Seminar: The objective of the seminar was to sensitize with various perspective and deeper insight of our increasing and alarming environmental threats day by day. It was arranged specifically for the student's consciousness about our common future as a part of whole universe.

Environment is the source of life on earth and it is not only directs but determines the existence, growth and development of mankind and all its activities. So any kind of Environment pollution or degradation should be treated as "social problem".

Dr. Hilary Arnold Godwin, a famous US environme-ntalist rightly says "Environmental problems are really social problems as they begin with the people as the cause and ends with the peoples as victims. Sustainable development is a kind of develop- ment that meets the needs of the present with - out compromising the ability of future genera - tion to meet their own needs .It is a process of social and economic betterment that the needs and values of all interests groups without foreclosing future options. To this end, we must ensure that the demand on the environment from which we derive our sustenance, does not exceed its carrying capacity for the present as well as our future generations.

- So, Now it is our crying need to sensitize our students as they are our future generation to protect our environment within a sustainable direction. We raise a sensitizing slogan that “Pollute We perish, Conserve we flourish” .So we have to think green, go green and act green to protect our mother planet.

Details:

A one- day Departmental students’ seminar was successfully organized by the Department of Political Science, Hiralal Bhakat College on 05/06/2018 at 12:00 noon, room no-18. The area covered in the seminar was from the various texts prescribed in the syllabus of CC-, 9 &14 of Political Science Honours (CBCS) Semester V. . The programme was started with the auspicious event of lightening the lamp and felicitation of the Resource person and guests. The programme was, then, inaugurated with an inaugural song sung by some of the students of Semester –V, Dept. Of Political Science. The welcome speech was then, delivered by our one of the senior faculty members, Smt. Tanushtee Sinha, Shree Nilmoni Mukherjre, one of the senior faculty member of the

department chaired the whole session of the Seminar. The objectives of the seminar was then, stated by the HOD of the Department Mr. Syed Manuaruz Zaman, with a full paper presentation about the very concept of the Seminar.

The next part of the programme was, then, followed by a very thought provoking lecture delivered by two honorable Resource persons one by one. It was very much enriched and enlightened our students as well as the whole audience.

The whole programme was conducted by our five faculty members including the Head of the Dept. of Political Science. The programme was concluded with a vote of thanks by Shree Biman Saha , one of the faculty member of the department..

- **Outcome:** The lecture of the Resource Person provides a broad spectrum on the topic and touches upon various perspective about the Environment, Environmental Politics and Environmental Movements, Environmental degradation prescribed in the syllabus. The faculties and students came up with various questions and answers, and they were enriched with the interactions with the Resource Person.

Budget: Rs.2000 (Two Thousands only).

Extension Activity: Tree plantation:

(From.11am.to 12am.

There is an extension activity to celebrate this very day we arrange a tree plantation programme (practical) before Seminar (Theoretical discussion) at our College Campus and surroundings. Our students were very much enthusiastic to this programme.

However, we all should know that trees are not only important they are essential for living. They provide us oxygen, filter carbon dioxide, prevent soil erosion, and maintain the ecological balance and many more. Also, they provide us food.
