

TREE PLANTATION PROGRAMME, 2026

AUGUST 13, 2026

DEPARTMENT OF ENVIRONMENTAL SCIENCE, HIRALAL BHAKAT COLLEGE
NALHATI, BIRBHUM

Department of Environmental Science, Hiralal Bhakat College, Nalhati, successfully organized its Annual Tree Plantation Programme for the year 2026. This initiative aligns with the college's ongoing commitment to ecological balance and environmental awareness. The drive aimed to increase the green cover of the campus while educating students on climate change mitigation. The Principal formally inaugurated the program by emphasizing the vital role of trees in urban and rural ecosystems. A brief interactive session was held highlighting deforestation challenges and biodiversity preservation on plantation site. Focus was placed on indigenous, fruit-bearing, and medicinal plants including Amla, Alleovera, etc. Specific zones within the college grounds, including the sports field borders and front lawns, were designated for planting. Students pledged to maintain and nurture specific saplings throughout their academic tenure to ensure high survival rates. The Tree Plantation Programme 2026 at Hiralal Bhakat College concluded with a collective environment pledge. The event successfully fostered a sense of responsibility among the youth toward safeguarding nature. Through such continuous efforts, the institution continues to build a cleaner, greener, and healthier campus environment.
